APRIL 2019

**Rodney  
Anderson  
Retires  
from NCC**

NCC announces the retirement of Rodney Anderson who worked for the cooperative for 23 years as a Communications Specialist.

Rodney and his wife, Mary, plan to spend more time with grandkids and cruising in the Camaro. He also plans to spend more time at his hobby shop working on various projects.

Rodney's last day was March 29th and an open house was held in his honor. He said, "It's been an honor working with NCC customers the last years." He will be missed by our members, employees and the communities he served over the years.

**Contact ND One  
Call BEFORE you dig!**

Call 1-800-795-0555 or 811 from your landline phone at least 48 hours prior to digging to have all utility lines marked.

## **Save the Date – June 18th!**

NCC's upcoming Annual Meeting of members is Tuesday, June 18th in Ray. Members of all ages are invited to enjoy an evening of food, entertainment, prizes and a business meeting of members.

**NOTICE: Channels 80, 81 and 82 on the Advanced TV service for fiber customers, and Channel 17 for RF Cable TV customers, are no longer available.**

- Channel 80 had a local weather service that is no longer available to any TV provider, such as NCC. There are several other options to receive local weather on TV including:

- **Channel 12** Community Channel - the most local weather including current temp, wind, forecast and today's high/low in the left corner continuously and in center area.
- **Channel 9** KX Weather channel - continuous local and regional weather from the KX Storm Team.
- **Channel 12** The Weather Channel - national, state and local weather. Also, has Local on the 8's where it rotates through local weather.

- Channel 81 was rebroadcasting the community channel that is on the RF system because at the time that we converted to the new TV system - Advanced TV - the new community channel was not up and running. It is now available and can be found on Channel 12.

- Channel 82 was local church services. The interest from viewers and the churches has become minimal and the equipment is very out-dated. Because of the decline in attraction to this channel, a replacement for the equipment would be insignificant.

- Channel 17 on the RF Cable TV system is no longer available for the same reason as Channel 82 (above).

## NCC's Customer Portal

- View your current and history of statements and payments.
- Available in a browser on a laptop or desktop, or in the SmartHub app on your smartphone or tablet.
- Sign up for a one-time \$10 credit to your bill.
- Select how you would like to receive notifications from NCC for important information such as outages, bill reminder and in the future to report a service related trouble.
- Also sign up for auto pay and/or paperless statements.

## Notes

- **THANK YOU** to all of the students who submitted applications for the NCC scholarships! Winners will be announced in the May Ringer.
- **Pick-It Bowl Update:**  
Thanks to everyone who participated in the NCC March Mania Contest! The winners will be announced on the NCC Facebook page following the final game, and in the May newsletter.
